5G ITALY

The Global Meeting in Rome

Promoted by

consorzio nazionale
interuniversitario
per le telecomunicazioni

Organized by

www.5gitaly.eu #5GItaly2019

II edition 2019, december 3 - 4 - 5

Auditorium CNR Rome - Piazzale Aldo Moro 7

the Conference

The appointment with “5G ITALY” is back again. “5G ITALY” is the yearly event dedicated to technological challenges and the main experiences with the new mobile communication standard. Many are the protagonists expected to attend, including but not limited to State and regulatory authorities, universities, research centers, and companies from different Countries.

This upcoming edition will be home to all the discussions on the present and future of 5G in Europe, the USA, China, Asia and Africa, comparing technological solutions and market contexts, notably about research, design, implementation and evolution of 5G networks. A prestigious and wide-ranging occasion to think about the role Europe and Italy might play in the sector.

The event, promoted by the Italian National Inter-University Consortium for Telecommunications (*Consorzio Nazionale Interuniversitario per le Telecomunicazioni - CNIT*), will also host the PhD School, with sessions taking place in parallel with the Conference.

“5G ITALY” aims to establish a new link among universities, scientific research and businesses, and will be an occasion for recent graduates and companies to meet on the field of new expertise and competencies.

Main Topics:

- Smart Cities
- Security
- IoT
- e-Health
- Cloud
- I.A.
- Electromagnetism
- Industry 4.0
- 5G for 5 Cities around the World
- Italian Excellencies
- 6G and the future...

Featured:

- EUROPE
- USA
- CINA
- ASIA

Audience

Top-rated Italian and foreign companies will join the meeting, featuring top managers, and 5G operation managers: CEOs, CIOs, CISOs, CSOs, CROs, CFOs, IT decision makers, all industry.

The CNIT's goal, through "5G ITALY", is to intensify the necessary and continuous debates among members of the industrial and research community, and top decision makers: a time for networking, to grab new business opportunities and facilitate company-new graduate relationships.

An interested, qualified and clever audience completes the most important event of the year in the field.

5G PhD School

The International Scientific Event Companion to 5G Italy

the 5G International PhD School

2019, december 2 - 3 - 4

Auditorium CNR

Rome - Piazzale Aldo Moro 7

International PhD School has been conceived by the CNIT as a prestigious, highly scientific event, companion to “5G ITALY” Conference.

5G International PhD School is an event where all researchers possibly interested in 5G technology might team up to seize the countless research opportunities that 5G and its applications can offer.

All participants will be awarded ECTS credits.

5G PhD School

The International Scientific Event Companion to 5G Italy

Researchers enrolled at **5G International PhD School** will attend an exclusive 3-day tutorial on 5G research topics, held by globally renowned professors.

- Architecture
- Applications to automation
- Applications to Big Data
- Applications to bioengineering
- Field Trials
- Fund Raising
- MAC Layer
- Physical Layer
- Privacy and GDPR issues
- Quality expectations
- Simulations
- Sustainability

All participants to **5G International PhD School** can also attend free of charge “**5G ITALY**” Conference.

I docenti dell'edizione 2018

- Aalborg University
- CEA-LETI
- CNRS
- EDPS Authority
- IMDEA Networks Institute
- King's College London
- New York University
- Oulu University
- Paris-Saclay University
- Pompeu Fabra University
- Queen Mary University of London

how to attend

2019 Conference (costs including VAT)

- Entire Conference (1 person) € 210,00
- Entire Conference “for Companies” (3 person) € 500,00
- Single day (1 person) € 80,00
- Ministries, Governmental Offices,
Local Authorities **free of charge**
- Gala Dinner (1 person) € 100,00
